waste of money

only a slightly effect. Its a skin pack, not much to review, they are as shown.

I got them as they give the Medic a more... Medical type aesthetic.. Terrible and useless.

The only moments anyone will see it is in the short match preparation, and since your armor colors won't change, your weapon will no longer match with the rest of your character.

In the match the only person really seeing it will be you, yourself, and all you will see is the poor quality of these skins - they look nothing like on the screenshots.. Best skin out of all the DLC. Standard Medic colors in most games. Makes Lazarus' glove look awesome :D. English:

Be aware! Only the Equipment will have that Skin. The Medics themself will still have their standard Skin!

I'm slightly diappointed, because i thought that the Skin also appies to the clothings/suits.

Further the skin of the Equipment (Granadelauncher, Sniper etc.) is not much of a change.

My opinion: Sadly not worth the Money.

Deutsch:

Vorsicht! Nur die Ausr\u00fcstung hat den Skin! Die Charaktere selbst haben weiterhin den Standard-Skin!

Bin leicht entt\u00e4uscht, weil ich dachte dass es sich auch auf die Klamotten etc. auswirkt.

Au\u00dferdem ist der Ausr\u00fcstungs-Skin (Granatenwerfer, Sniper etc.) optisch nur ein kleiner Unterschied zum standard-Skin.

Meine Meinung: Leider nicht das Geld wert.

Wish I'd read the fine print, as this DOES NOT have a reskin for Slim (even though it shows his bio weapon reskinned in the \u2665\u2665\u2665\u2665ing advertisement). I'm not trying to be all tin foil hat here and say the big man is trying to steal our hard earned money, but I would like to point out that that's some pretty unethical business dealing...
